

WORLD ELDER ABUSE AWARENESS DAY (WEAAD)

JUNE 15th 2014

A Celebration of the Power of Collective Creativity

What began as a small gathering at the UN in 2006 has evolved into a global and glorious yearly celebration of the resilience and strength of older people and those who care about them. WEAAD is a catalyst which has redefined the meaning of collective power for a world audience. Because of WEAAD more people know and understand what elder abuse is, there is more recognition of human and civil rights, more research, education, advocacy and policy development. We move forward with hope and commitment. Please join us.
